

# “Will Your Subconscious Repulsion To Taking Another Man’s Life Make You The ‘Statistic’ In A Life-or-Death Assault?”

You May ‘Think’ You Can Do It But Odds Are... You’re DEAD Wrong!

Picture two people, locked in mortal combat. Now, imagine yourself in this scene, tell me, “What would you do?” (Hint: It’s most likely wrong!)

“Kick him in the groin.” “Strike his arms or punch the solar plexus.” “Stomp on his instep”

The list is always the same.

Everyone comes up with things that’ll “turn the tables” on this guy, stuff that’ll somehow get them out of the situation.

Unfortunately... each answer puts your life at risk in the face of a life-or-death assault!

Why? Because invariably when Tim Larkin asks students this question at his *Target-Focus™ Training (TFT)* bootcamps...

## **No One — Not Even Trained Martial Artists — Ever Sees Themselves As The One Doing The Choking!!**

They’re always the one being choked.

But think about it... couldn’t this have been the scenario?

*You are surprised by two attackers. You’ve completely disabled the first and now have control of the second and are about to put him totally out of commission...*

Possible? Of course. It’s just that no one sees it this way. It’s human nature. We shy from victory, from domination. It’s the way most of us are built... unless you’re a criminal...

**Here’s the problem:** A thug comes up, places a knife to your throat and demands your wallet. Taking him at his word you give him the wallet. He then proceeds to stab you repeatedly leaving you in a pool of your own blood, astonished you’ve been stabbed.

**What went wrong?** Just this. You ASSUMED he only wanted the wallet. After all, why would anyone stab someone over a few measly bucks? **YOU** certainly wouldn’t do that if you were robbing someone.

And that **IS** the problem. With thinking like that...

## **You’ve Just Transferred Your Own Moral Code To A Sociopathic Killer... And With It, Quite Possibly, Your Life.**

See, nothing bothers him. Certainly not your morals. With a total disregard for society and it’s rules, he has no regret whatsoever in cramming a blade into your gut... to get what he wants.

You stroll around thinking 15 years of martial arts training or that 6-week self-defense course or some reality fighting video gives you the edge you need against someone like this. Wake up!

**You are hopelessly training techniques** (then praying they work) against someone who isn’t “training” for you. How many criminals in federal pens spent years sweating through JKD workouts before committing their crime? How many are Jujitsu experts?

**Not a one!** They excel at just one thing: doin’ it. No training, no practice, no techniques. And certainly no ‘rules’. So why squander years fooling yourself with something that only works “if everyone plays by the rules”?

**These are the facts:** 98% of us caught in an unavoidable violent attack (even those with years of training), would never consider doing “whatever it takes” to survive — like gouging our attacker’s eyes — even if they were the only targets available, and... even if it was the only means of saving our own life!

Larkin trains you from the get-go how to kill, if necessary, to survive a life-or-death confrontation.

He doesn’t advocate violence. TFT just de-mystifies it. He’s often quoted...

## **“Violence Is Rarely The Answer. But When It Is... It’s The Only Answer.”**

Look... others in Black Belt try to impress you with how bad they are; their accomplishments in the “secret world” you aren’t privy to; their guru status.

TFT isn’t about that. **It’s not about an individual, a personality... or a guru.**

**It’s about a system... one that’s focused totally on you!**

**No bones about it:** Larkin’s record is impressive. He trains units from all the top echelons of federal law enforcement and military special operations groups. It’s not surprising since he comes from that world and is well known there. But everyone in Black Belt tries to claim this so you’ll rarely hear him talk about it.

He’s an awesome communicator and trainer, and is amazingly approachable for someone with his abilities and credentials. And he’s trained 1,000’s of CEOs and others in high-risk positions around the world — all very real people.

But why is this so important? Why is TFT being sought out in all these other arenas?

**Because it works!** Because you “get it” immediately. Not after weeks or months or even years of training... but **right now**... as soon as you experience it. And...

## **Not Only Is It Usable... Instantly... But Just Like Riding A Bicycle It Stays With You Forever... Even If You Never Practice It Again!**

**Here’s why:** the key lies in the fact this is the only system based totally on the PRINCIPLES (not techniques) that determine the outcome of any physical confrontation. Combine these with three supporting methodologies that form the foundation of every fighting system on the planet and you have a complete system usable by ANYone for handling ANY violent confrontation. With this information you can look at anything out there... including your own training... and know immediately if it’s worth keeping.

**“It was the most effective days of training in hand-to-hand and hand-to-weapon that I or anyone else had ever experienced.”** Brian (last name withheld), US Border Patrol, S Carolina

During the last few years Larkin has trained more than 785 CEO’s in Europe. This year he’ll spend more than 5 weeks personally training clients in England, Hong Kong, Australia and other countries around the world. These folks are eating his stuff up because TFT principles and methodology are as effective in the ‘combative’ world of business as they are in a truly lethal fight, and for the exact same reason -- **RESULTS**.

**Think about this:** If these people can get this much from his material, **imagine how much more you can learn**... a dedicated reader of Black Belt magazine who is really into finding and applying a system that is **quickly learned and deadly effective**. If all these folks are **seeking him out**, shouldn’t you be too?

Look, Larkin is swamped and realizes he can’t begin to reach everyone. While he’d love to have you as a member of his organization and to take part in his live training, he realistically understands few will be able to do this. Bootcamps run \$1,500.00, international events start at \$9,500.00, and personal training for small 2- to 4-person sessions cost \$5,000.00-\$10,000.00 and more.

That’s why, in a daring move with potentially serious ramifications, he’s released a WEAPONS-focused version of his TFT system that shows you how to defeat a violent

criminal in a **WORSE-than-worst-case scenario**. After seeing his program... a life-or-death confrontation in a dark alley is a piece of cake.

Not only does this new series take you inside the criminal mind, it goes way beyond... showing you how and why you must first learn to USE a weapon... if you ever hope to defeat a criminal using it against you! Highly unconventional and extremely controversial it teaches you how to get your focus off the weapon... and onto defeating the REAL threat.

Some foolishly feel this stuff is too violent, totally ignorant of the fact you don’t always have to push it to the levels shown on these tapes.

## **It’s Very Easy To Ramp This Down To Fit A Lesser Situation But It’s Impossible To Ramp Up And Kill Someone If You’ve Never Trained For It!**

Some will be shocked, dismayed, offended and **outraged that anyone would dare show this stuff**. They’ll raise a stink... and do everything possible to get this yanked. But better you see this on video than experience it first-hand on the street!

Everything you’ll see here is vintage TFT. You learn to hurt someone very quickly (every sequence shows killing movements right from the start). There’s no size, speed or quickness required. Anyone can learn this because it’s based on principles not some guru’s skills.

Guys that have been in the trenches for years are blown away by the simple brutality and effectiveness of this system and the competence of Larkin’s instructors, including their knowledge of anatomy and how to inflict trauma on the human body.

Each averages 10 years of training and surprisingly most aren’t ‘jocks’. Many **have advanced degrees**; five hold PhD’s! His advisory board includes two medical doctors who assure everything you see about inflicting trauma on the human body is totally accurate.

**“With this system: 1) You will learn what Larkin says you will learn, and 2) The course is exactly as advertised — intense, targeted, focused training designed to produce immediate results.”** Mark D. Fabiani, Crisis Mgt Consultant, La Jolla, CA

**Let’s cut to the chase:** this program is extremely controversial and certainly NOT for everyone. If you’d never consider killing someone threatening your life or if you’re hoping to see lots of useless predetermined techniques or cool setup moves — you can stop reading here. **This is only for those who want to learn to defeat a criminal in a life-or-death situation!**
